What connected laundry is exactly ?

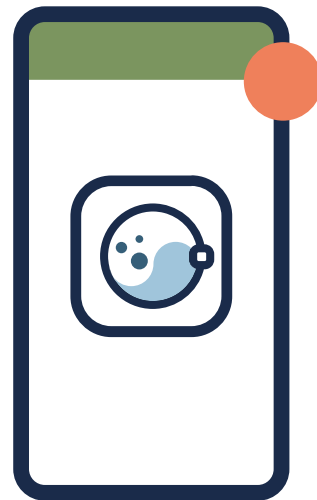

For some companies «connected laundry» is only:

- Check if **machines are free** or busy
- Receive a text message when **machine is finished**

But for us this is not enough !

The REAL connected laundry by WASHiN is much more :

Pay directly with
your smartphone

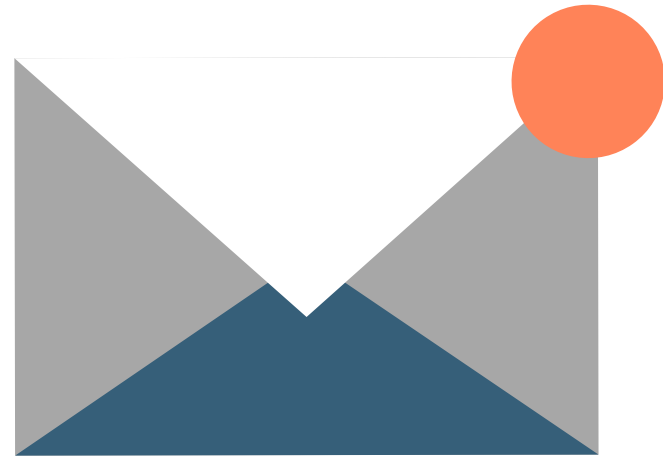

Book a washer
or a dryer

Direct access to figures
and data of your laundry

WASHiN laundries...

Be notified once
the machine is finished

Monitor in real time the
remaining minutes of the cycle

Customizable
digital tokens

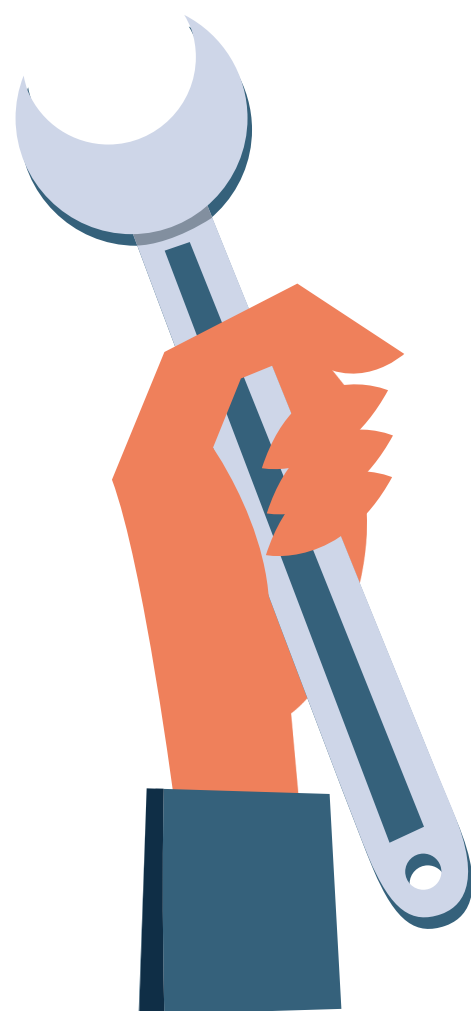

Turnover analysis
every quarter

A total autonomy in the
invoicing of your royalties

Want even more?

100% managed after-sales
service 7 days a week

Any problem with your laundry ?
We solve it between
30min and 48h

Financial
investment from you

100% of the project managed

«I am very satisfied with WASHiN, it is a responsive company, available and listening to us ! If there was a problem with our machines, a technical team went to our laundromat in less than 24 hours, and the after-sales team is always there for our customers ! Ecocert laundry is perfect, of high quality and many of our customers give us positive feedback ! I recommend the WASHiN company !»
